

Discover the Seasons Week 2

This week we crochet 4 blocks, 3 small ones of 10stx10r and 1 large one of 30st x 30r. Because you can't show much pattern on 10 stitches have I used each color for his own stitch. At this way you create some rest in your blanket. Below an overview from each color used at each stitch.

Color A	TSS	Tunisian Simple stitch
Color B	TKS	Tunisian Knit Stitch
Color C	TPS	Tunisian Purled Stitch
Color D	TTKS	Tunisian Twisted Knit Stitch

You crochet 10 rows and then the closing Row. You make your knot in the same stitch as connection stitch of row 10.

Block 3 **10x10** **Color D**

This block will be made on block 2 and next to block 1. Count 10 rows out on block 1, mark this point again with a stitchmarker. Now count 10 stitches **from the right upper corner from block 2**. Attach in the 11th stitch with color D. Now you use the upperside of block 2 to make your foundation row (such as a between square). Crochet your first stitch in the same stitch as the attachment!

If you crochet tightly then take a crochet hook larger or you can add an additional row in the middle! You do this by 2 times taking the same stitch on of block 1.

Block 4 **10x10** **Color A**

This block will be made on block 2 and next to block 3. Attach to the upper right corner of block 2

Block 5 **10x10** **Color C**

This block will be made on block 3 and next to block 1. Attach to the upper right corner of block 3.

Block 3

block 4

block 5

Block 6 30x30 Color D

This is the first Discover-block. The tulip is for me the symbol of the Spring in the Netherlands.

This block will be made next to block 2 and 4. Attach at lower-right corner and make **a chain of 30 stitches**.

With this block you need to use the chart. You very first stitch you'll find in the lower-right corner. FR means Foundation Row. You count from right to left, exactly as you crochet.

Used Stitches

TSS Tunisian Simple Stitch

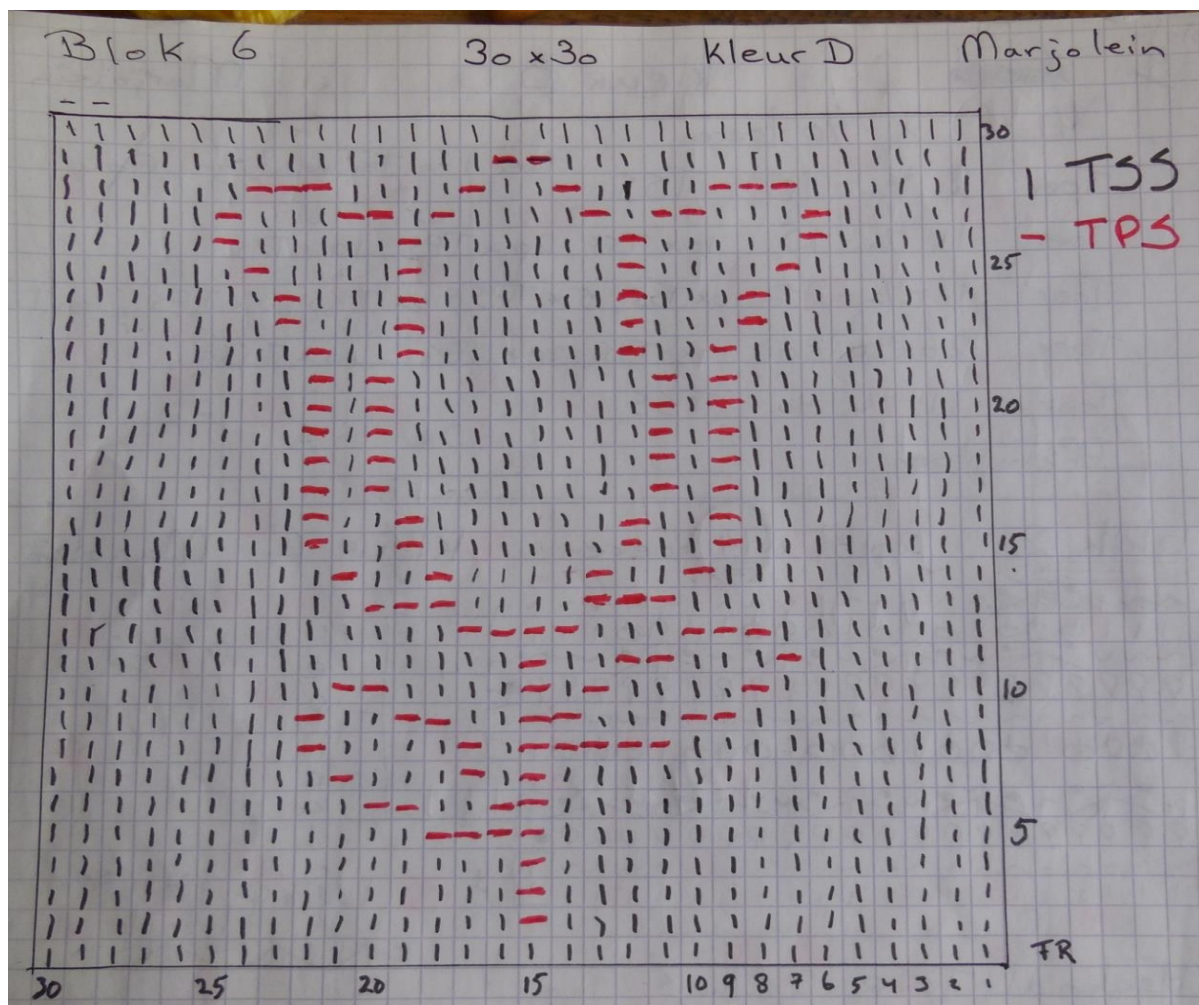

TPS Tunisian Purl Stitch

In order to clarify have the stitches their own color on the counting graphic, **but you crochet it in one color!!**

Watch at the attachment in block 2!!! At row 4, 8, 12 and 16 you must thread in at these rows in the same row of block 2.

Return pass

The return pass is not included in the chart

My blanket isn't blocked here yet. The blocks don't look straight, but they are.
