

Shawl of Muis – Information

Designer: Marjolein Kooiman

Introduction

This shawl is Tunisian crochet. You need to know the basics of Tunisian crochet, foundation row, border stitches, Tunisian simple stitch and bind off row. The basics of Tunisian crochet will not be explained in this pattern! All other stitches and increases will be explained.

This Shawl has been tested by a large number of people all over the world. I am grateful for all the help they gave me to improve my pattern. Especially I want to thank David Coleman who was the leader of the testing and a great help and mentor to me. You can see one of his shawls on this page.
